

# BT3103 Lecture 2 In-Class Exercise

## Application Systems Development for Business Analytics

*Due: 1 February 2024 2359H*

### Task

1. Design the CPP and submit **ONE** html file on Canvas (Refer to Slide 30 or 52)
  - a. You are free to enhance the design (The underlying structure should be the same – Table, Form)
  - b. Use internal CSS so that you submit only one file

### Submission Instructions

1. Name your file ``<StudentID_FullName>.html`` (e.g. A1234567Z\_TanLiHui.html)
2. Submit your HTML file in the respective folder under `Assignments` on Canvas
3. Note: You are **NOT** allowed to resubmit after submission.
